### Description

Lane separator in recycled rubber with white reflective bands, with rounded edges at the front and sides. It includes two cat's eyes at the front and rear for easy visibility.

Ecological product. Respectful of the environment.

It is easy to install, the reducer has included the fixing washers inside the rubber piece.

The design of the lenticular speed reducer allows it to be used as:

- Bicycle, bus and taxi lane separator.
- Parking space delimiter.
